Dear Voter:

I am pleased to provide you with information about our Application for Ballot by Mail Program which helps voters who prefer to receive their ballot by mail in all or most elections. Your decision to enroll also helps our office contain costs by knowing you will not need extra ballots printed for you for early voting or Election Day voting options. Completing this enrollment card will automatically cause you to receive an application for ballot prior to the elections you designate. This is not a request to vote by mail in one election only. **Enrollment in this program remains in effect until you provide notification to cancel or your voter registration becomes inactive**.

To enroll, you must be a registered voter in Lake County, Illinois and complete the form below. Select all or each specific primary and general elections in which you wish to vote and provide the address where the application for ballot should be mailed. Return the signed form to the Lake County Clerk's office address as listed in the upper left corner. As required by state law, you will receive a separate application for ballot prior to each election. **Once we receive your completed and signed application, a ballot can be mailed to the address provided**. If this card is distributed by a candidate or organization, list their contact information as well. During the time period for voting by mail, you can visit LakeVoterPower.info link to confirm our receipt of your voted ballot. If you have any questions, please e-mail us at VotingByMail@lakecountyil.gov or contact the Elections Department at 847.377.2406.

Very truly yours,

Carla N. Wyckoff
